

# ANNUAL REPORT 2013

CITYCHURCH

# VISION

**People say New England is spiritually dead.**

**We say it's ready for resurrection.**

People say it's impossible to reach the northeast with the gospel. We say it's impossible for the gospel to fail.

*City Church exists to spread the lifestyle of authentic Christianity for the glory of God and the transformation of our city.*

We live out this purpose through three core behavioral values.

**It's all about Jesus.** Every sermon. Every Community Group. Every outreach. We live from the conviction that Jesus is the center of a life worth-living. The good news of God's reconciliation through Jesus is the beating heart of this community.

**Intentional Community.** We do life together on purpose. God made community a necessary part of what it means to be human and we only live our faith completely when we do it together.

**City Mission.** The message of grace is the theme of our lives. We live it, spread it, and sing it through every outlet and opportunity. Life is about giving more than hording. It's about serving more than self interest.

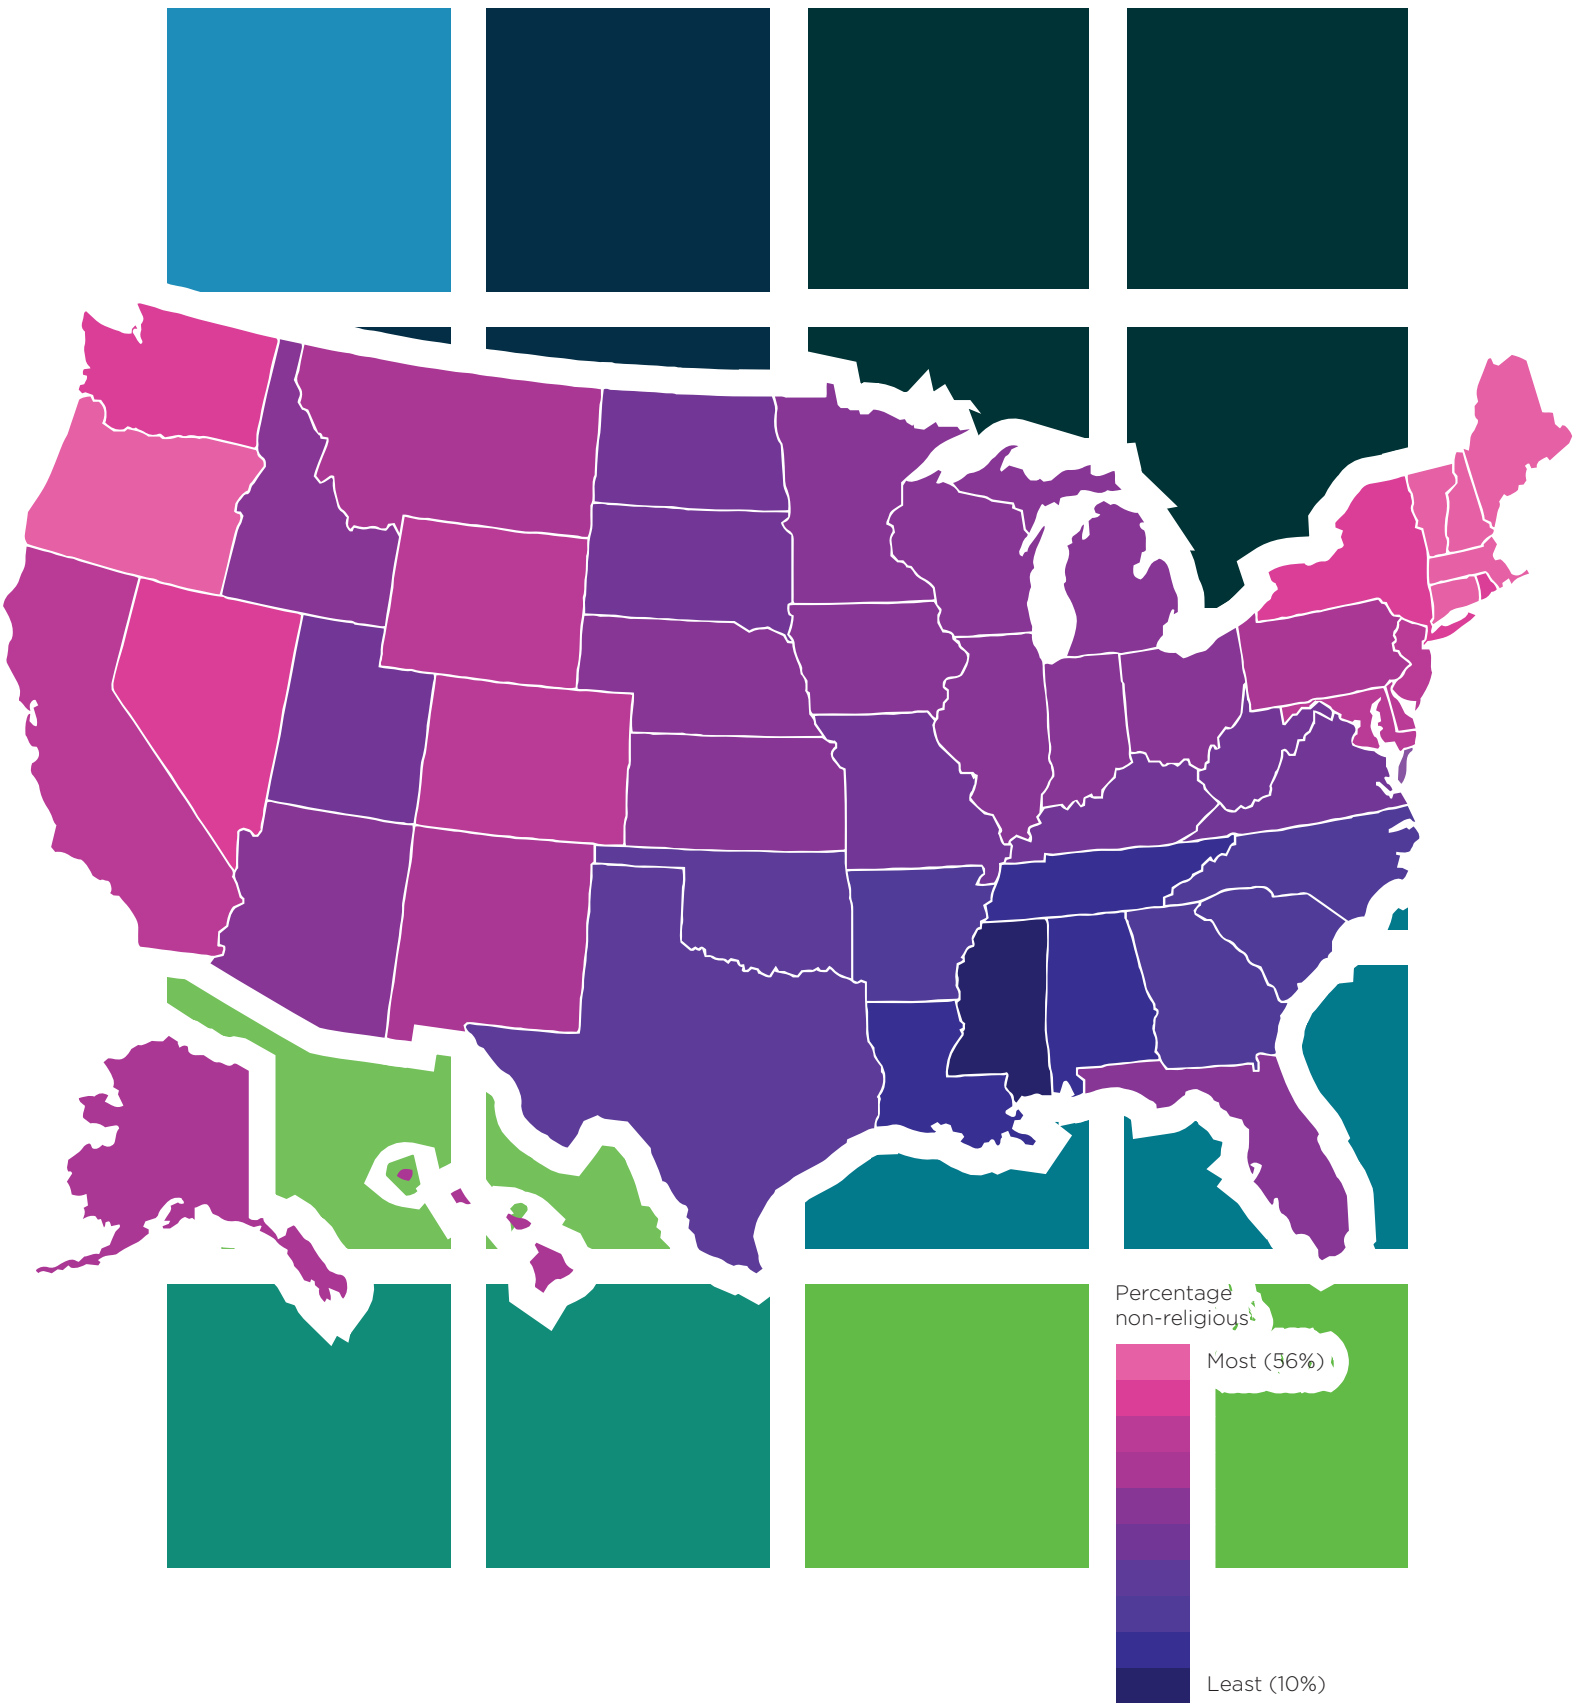

**As we reflect on 2013, we are grateful people. I am honored and excited to be a member of this church.**

**Humbly,**
