# OVER 3,000 HOURS SERVED AT I ♥ NEW HAVEN

AUGUST 15, 2015

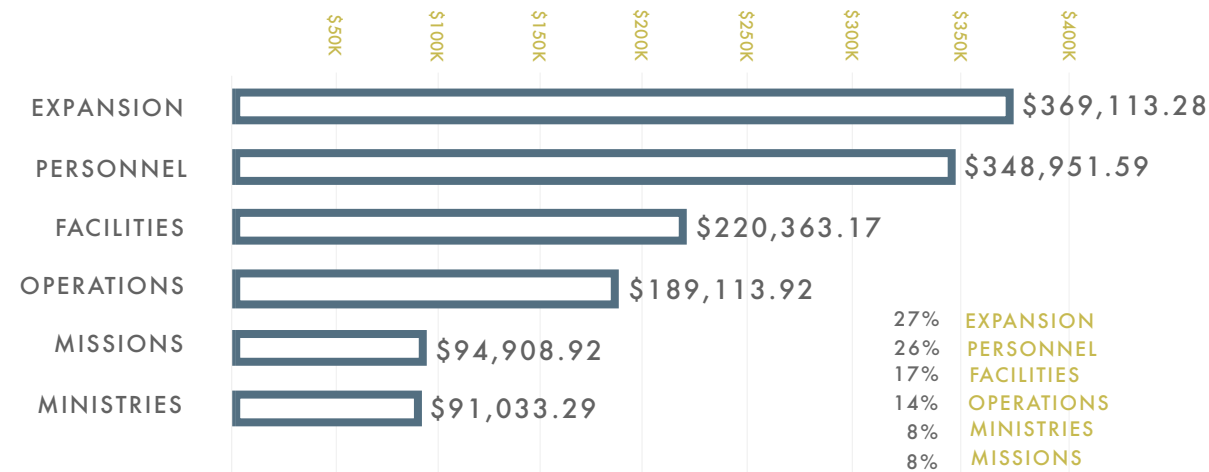

In the process, countless lives were transformed. Much of the transformation was instantaneous and immediately apparent. Team members found a shared vision and new connections. The recipients of the projects felt appreciated, valued and encouraged. Disrepair was renovated and disorder was organized. However, the dream is that this day of service also holds the promise of future transformation and bridges of hope for the New Haven community.
